REWRITING THE CODE

# career summit

**InclYOUsion Day**

InclYOUsion Day is RTC's annual event dedicated to racially-affirming career development and exploration. Members of RTC's Black Wings, Latinas de RTC, and Tech Natives come together for this one-day event to build relationships with your team and discover why they should consider applying for roles at your company.

Through inspirational talks, tech innovation demos, and engaging panel discussions, your company will enjoy an exclusive spotlight in front of Black, Latina, and Native American/ Indigenous women actively seeking internship and full-time opportunities.

RTC invites you to seize this opportunity to showcase your unique organizational culture, DEI strategy, and commitment to diversity. InclYOUsion Day is strategically scheduled one month before RTC's Annual Virtual Career Summit to provide our partners with a head start in cultivating connections with RTC talent.
