Career fairs canceled? No worries. We've got your back.

You still need to fill your internships and jobs. Rewriting the Code is here to help! With the recent success of our summer career summit, we already have the know-how, the platform, and connections to help you meet the women who have the skills to fill your internships and jobs.

Companies of all sizes are welcome to be a part of the Notorious RTC Career Fair for women in tech! Our community alone is 6,000+ undergrads, with over 1,000 new members since this summer. However, to ensure wide access we're opening the Notorious RTC Career Fair to all women in tech (no need to be an RTC member) at a nominal cost of $15 for the women (with the option to write an essay instead if the fee is a challenge). We expect to attract a huge population of diverse women from all over the country, that could reach up to 5,000+ per day at the fair!

---

**DATES**

October 20-21, 2020

Students will select to attend one of the two days – so you will meet two different groups of about 5,000 women each day.

**TIMES**

Two 3-hour sessions each day (11-2 EST, 4-7 EST, with a 2-3 EST networking event designed to highlight students from underrepresented populations).

**EVENT DETAILS**

Via the Hopin platform, students will interact with recruiters/company representatives by learning about opportunities, asking questions and providing their resumes at the virtual booth if they are interested.

**ATTENDEES**

All college / graduate school women in tech are welcome. We'll hold additional sessions on each day for underrepresented groups including students from our Black Wings and Latinas de RTC communities.

**PARTNERSHIP LEVELS**

We’ve kept the fees low to make it affordable for all companies of any size to partner with us for this incredible event.

**NOTABLE:**

- Booth on both days
- Black Wings and Latina de RTC networking
- Resumes dropped at booth by interested students

**NOTORIOUS:**

- Includes all NOTABLE benefits (at left)
- October 9th Resume Book (via Dropbox)
- Priority placement of booth and logo during event
